

Capital City Road Runners & Walkers 2025 Point Series - Event #10

October 30th, 2025
Start: 17:30

UNB, Currie Centre, Fredericton

A great turnout for the Shadows and Tombstones Run. The costumes were amazing. There were witches, ghosts, vampires, a cave man, and many more. Forest Gump even made a special guest appearance. The runners and walkers started out in the twilight of the evening before Halloween. The spiritual energy was high as they all disappeared from my sight at the start and finish line. "Would they all return?" I mused. What were they going to encounter? I waited nervously to see who would return. The thought of a celebratory beer afterwards did seem like a good idea at first...

* Virtual participant ran alone, so adrenaline and the fear factor no doubt skewed the results in her favour. ** Brave enough to visit all the graveyards. Not deterred by the construction
