

Event # 11 Tom Reddon Metric Marathon Saturday November 11th, 2023

It was a great turnout for the Tom Reddon Metric Marathon. It seemed that everyone had fun participating and then socializing after the event at Picaroons. Thank you very much to the Reddon Clan for organizing and hosting this event in memory of our good friend Tom. As you can see in the results list below, for our club's event series it was a points extravaganza. There was a lot of movement with a new leader taking over the accumulative points total. It has become a tight race for the series title this year and will come down to the results of the last event of this year, the iconic Not The Honolulu Marathon.
