

Summer Solstice Hill Climb
June 27th, 2024
O'Dell Park, Fredericton, NB

A great turnout for this event. This was the sixth event in this years point series. And, after last week's sweltering heat that caused us to postpone the event, Mother Nature threatened us this week with the possibility of heavy rain. In the end, she showed some mercy and held off long enough for us to complete the event and have a great BBQ. This year's winners of the much coveted trophy are Justin, Sara and Brenda. Thank you to Steve Scott for organizing and hosting the event and to all the volunteers at the BBQ. Also in the park, and occurring at the same time, was the first session of the club's couch to 5 km clinic. Fran, who is leading this endeavour, had a great turnout. Welcome to all the new runners.

And, half way through this year's points series events even though he is often heard muttering how much he "hates running", it is Mr. Consistency, Harry Drost that has the overall points lead. The event results and the points tally sheet have been posted to the club's website on the events page. Details for the next event in July will be forthcoming.

I have compiled a list of the Hill Climb participants and BBQ volunteers below.
