On a hot day, the route through the park turned out to be a perfect venue. Sure the hill part was still difficult, but the tree cover offered a lot of shade and made the temperature more bearable. The Hill climb was followed by a BBQ with several other club members joining us for a nice evening gathering in the park. Mike, Amelia and Joanne will all be sharing the highly coveted trophy throughout the next year. Draw prizes were awarded to Jochen, Terry, David, Paul and Jamie. Many thanks to the race organizer, all the volunteers and the club members that came out. The donations of non-perishable food products and money were greatly appreciated. Steve will make sure they are distributed to a local food bank or kitchen.
